

Sharon Jones, Financial Director

The Lord spoke to me when I was nine and I have been seeking Him ever since. I gave my life to Him when I was twenty three and was baptised into His kingdom. The Lord has guided me through many places and situations and has been my rock throughout the last thirty years. I attended a KYB conference in 2003 where the National Team were looking for someone to take over the role of Finance Director. The Lord spoke very clearly to me; I was to volunteer myself for the role. I had not heard of "CWCI" or "Know Your Bible" before and knew nothing about them, but in obedience (and very scared) I spoke to one of them and she thanked me. I went home and heard nothing for six months, deciding that I had been mistaken. Then I received a call, asking me if I had been

serious about volunteering my services. I confirmed that I was serious and was invited to attend a NLT meeting as an observer, having written a testimony beforehand. I found the team very friendly and was delighted when I was asked to join them. In 2015 I will have served the Lord as KYB's Finance Director for 10 years. I have experienced wonderful fellowship and loved working with the team.
